

Warm welcome to our facilities!

Dear Business Guests,

Iraq is lately developing into just another business travel destination – one with major opportunities.

Therefore, **JFT INTERNATIONAL** has been established in a quiet, low-profile environment to create the perfect place for our potential clients to focus on their business, targets and goals as well.

Our premise is located inside the heavily protected International Zone in Baghdad.

Our main goal was to offer to our business-guests a family style environment by appointed furnished and designed on the level where they can feel themselves home.

This place is privately operated with the owners personally being around. We take care of all the needs our guests may have.

We provide a warm, personal environment compared with the cold pure business atmosphere of a large hotel.

Right now, we can offer **6 fully furnished rooms** and working on **2 additional ones** to be ready as soon as possible.

All our rooms come with:

- ensuite bathroom
- spacious shower cabin
- comfortable bed
- working desk with swivel chair
- tea and coffee making facility
